Information technology student that is interested in data science and machine learning. I enjoy learning about Artificial intelligence and developing my technical skills by building models that learn from experience to perform tasks autonomously.

EDUCATION:

2024 – 2026 | North-West University (NWU)

Bachelor of Science in Information Technology

Optimi College

CompTIA A+, Network+, and Security+ Certifications

SKILLS

- Fast learner
- Effective team member
- Good communication skills
- Willingness to learn
- Good problem solving skills

TECHNICAL SKILLS

- Programming: Python, SQL
- Data analysis: Pandas, NumPy
- Data visualisation: Matplotlib, Seaborn
- Machine learning: scikit-learn
- Tools: Git, GitHub, Visual Studio Code

RELEVANT EXPERIENCE

- Collaborated with fellow students on group projects using GitHub to manage code, track changes, and combine contributions.
